

## A. Safetec Bio-Spill and Personal Protection Kits

- **EZ Personal Protection™ Kit** provides complete exposure protection from potentially infectious blood or body fluid
- **EZ-Cleans Plus™ Kits** includes personal protection items for the clean-up of blood or body fluid spills
- **Universal Precaution Compliance Kits** combines personal protection and clean-up items mandated by OSHA, CDC and State Health Departments to aid in the clean-up, transportation, and disposal of up to one full liter of infectious blood or body fluid spills

Part Number	Description	Packaged
S8917606	EZ Personal Protection™ Kit	--
S8917121	EZ-Cleans Plus™ Kit	--
S8917100	Universal Precaution Compliance Kits	Poly Bag
S8917102	Universal Precaution Compliance Kits	Hard Case

## B. Safetec Red Z™ Spill Control Solidifier

- Provide state-of-the-art response for spill control and clean-up of potentially biohazardous fluids
- The encapsulation technology captures and immobilizes fluid activity up to 100 times its weight
- The high AUL (absorbency under load) prevents fluids from leaking out, preventing aerosolization, reducing the risk of cross-contamination
- Simply sprinkle onto a spill, and within seconds, the fluid will solidify into a granulated gel

Part Number	Description	Packaged
S8941085	½ oz Pack treats ½ liter	20 pk/bg
S8941120	Solidifies 2 liters	2 oz Pouch
S8941099	Solidifies 8 liters	8 oz Shaker
S8941103	Solidifies 15 liters	15 oz Shaker

## C. North Bloodborne Pathogens Response Kit

- Proper cleanup of blood and body fluids is essential
- Contains necessary items to clean up potentially infectious material
- Personal protective items include gown, gloves, shoe covers and face mask with eye shield
- Also included are absorbent beads, scraper, germicidal towelette and two red biohazard bags

Part Number	Description
NOS019746-0032L	Filled Plastic Case
NOS127010	Refill in Sealed Bag

## D. North Bloodborne Pathogens Refill Pack

- Pack contains absorbent beads to provide a fast, efficient method of absorption and disposal of body fluids
- Contains everything needed to clean-up and dispose of a 1.25 gallon spill
- The Center for Disease Control has recommended that all body fluids be treated as a potentially infectious material

Part Number	Description
NOS127003	Bloodborne Pathogens Refill Pack

## E. North First Aid-CPR-Body Fluid Kit

- Three-in-one kit includes deluxe first aid fill, personal CPR kit and a single-use body fluid protection pack
- Durable steel case measures 10½"H x 10¾"W x 2½"D

Part Number	Description
SH434T150	First Aid-CPR-Body Fluid Kit

## F. North Fluid Clean-Up Kits

- Single-use kits are specifically designed to help guard against bloodborne contaminants during biohazard clean-up
- Kits include head-to-toe defense package for fluid pick-up and the necessities to combat bio-hazardous materials
- Complete with step by step instructions

Part Number	Description
SH4552001	Body Fluid Clean-Up Kit-Bag
SH4553001	Body Fluid Clean-Up Kit-Plastic Case

**EAGLE**

## G. Eagle Biohazard Waste Cans

- Red polyethylene waste cans have biohazard symbol on front to advise workers of contents. Foot lever on bottom of cans flips lid open to allow workers to easily dispose of biohazard waste
- Meets OSHA requirements for exposures to bloodborne pathogens
- Compliance: 29 CFR 1910.1030

Part Number	Description	Size
E42947BIO	14 Gallon	22" x 18" x 21"
E42945BIO	10 Gallon	22" x 18" x 18"
E42943BIO	6 Gallon	16½" x 13 ½" x 16"
