RX READY INDUSTRIAL STRENGTH EYE PROTECTION

Wiley X has earned the distinguished designation of being ISO 9001:2008 certified. This verifies that our production processes and products meet the highest quality standards.

Vision loss is one of the top 10 on-the-job injuries, yet safety experts and eye doctors agree 90% of these incidents are preventable. Wiley X occupational safety-rated eyewear is built for anything the workplace throws its way. Wiley X provides total eye protection with Rx ready frames and lenses that exceed ANSI Z87.1 high velocity impact safety and optical standards, and with patented technologies like Facial Cavity™ seals that block airborne matter. Long-lasting protection in a stylish package workers want to wear—don't wait for an injury before switching to Wiley X.

COMFORT & STYLE

Average safety glasses feel uncomfortable and look unattractive, leading to the very common problem of employees not wanting to wear them. Wiley X safety eyewear is not only snug and comfortable, but stylish. Suitable for any activity, on the job or off, they're the perfect safety glasses employees will actually enjoy wearing.

Meets or exceeds MIL-PRF-32432 (6L) ballistic standards for spectacles and goggles.

Our proprietary polarized lens technology adds 100% polarization to 100% ultra violet protection for unequaled clarity and contrast.

The European standard for withstanding small objects traveling at high speeds, and in some cases, extreme temperatures.

PATENTED FACIAL CAVITY™ SEALS

Fine dust and debris from any work environment can cause long-term eye damage. Unexpected spraying of dangerous liquids or propellants can seep around ordinary eyewear into eyes. Wiley X patented removable Facial Cavity™ seals block out dust, debris and other harmful substances.

ANSI RATED

Debris flying at high speeds can shatter ordinary safety glass lenses and frames, exposing the eye and face to severe trauma. Wiley X Z87.1 rated lenses and frames will protect eyes from everything the job throws at them. Some even protect U.S. troops in the field from flying shrapnel.

LA™ LIGHT ADJUSTING LENSES

The constant shuffling of clear and dark safety glasses for indoors and out is less efficient and often leads to glasses not being worn in hazardous conditions. Wiley X LA™ Light Adjusting lenses automatically change tint based on UV light conditions, improving vision and eliminating the need to frequently change safety eyewear.

RX OPTIONS

Most all Wiley X frames can be fitted with prescription lenses. The Wiley X Rx program enables simple ordering, expert lens processing and timely delivery of corrective lenses designed especially for our 8-base wrap frames.

DIGIFORCE™ DIGITAL RX LENSES

New DIGIFORCE™ digital Rx lenses have been specially designed for Wiley X's high wrap frames. Point by point digital lens mapping delivers enhanced visual clarity and color contrast. DIGIFORCE™ ensures a wider field of vision and more significant reading zone for high curve frames. This Wiley X design can be optimized or customized to the wearer's prescription and face form.

EXPANDED RX RIM SYSTEM

The Wiley X Rx Rim System makes eye protection available for prescriptions up to +5.00 and -7.00. Now more people than ever can experience the ANSI safety rated protection and sleek style of Rx-ready glasses that are equipped for anything at anytime. Available in select Climate Control Series styles.

CLIMATE CONTROL

Patented removable Facial Cavity™ seals block any airborne matter preventing eye irritation or long-term damage. Move freely from indoors to out with optional LA™ Light Adjusting lenses. Dramatically reduce glare with Filter 8™ polarized lenses. All styles are Rx ready.

WARRANTIES

(1) Non-prescription eyewear **LIMITED LIFETIME WARRANTY:** Wiley X warrants non-prescription eyewear to be free of manufacturing defects in materials or workmanship for the life of the original purchaser (or the maximum period allowed by law in the country of purchase or residence of the original purchaser, if less). However, LA™ Light Adjusting lenses are warranted against defects in materials or workmanship for a maximum period of 18 months. (Proof of Purchase for LA™ Light Adjusting lens products required).

(2) Prescription eyewear frames: Wiley X warrants Wiley X frames filled by Wiley X authorized prescription laboratories to be free of manufacturing defects in materials or workmanship for a period of 1-year (or the maximum period required by law in the country of purchase or residence of the original purchaser). Prescription frame and lens warranties must be handled through the local retailer or dispensing optician from which they were originally purchased. Prescription lens manufacturing defects are covered by the lab that originally dispensed them. Proof of purchase required.

(3) Gloves: All Wiley X, Inc. gloves are warranted to the original purchaser for 2 years against manufacturing defect in materials or workmanship.

Scope of Coverage: Wiley X will repair or replace covered items at the sole discretion of Wiley X, as needed and as available (identical or equivalent style) at no charge. Out of warranty items may be repaired (if repairable), replaced, returned or destroyed, at the option and sole expense of the purchaser. **Exclusions:** This warranty does NOT extend to and excludes (i) products purchased from non-authorized dealers or labs (ii) damage resulting from normal wear and tear, including but not limited to scratched lenses and broken frames, hinges and nose pieces, (iii) damage resulting from abuse or misuse, (iv) damage resulting from tampering or customer modification, (v) damage resulting from exposure to harmful substances, elements or conditions, (vi) other damage to covered items not resulting from a manufacturing defect in materials or workmanship as Wiley X shall decide in its sole discretion, or (vii) lost or stolen items.

How to Process a Warranty Claim for Repair or Replacement of Covered Items:

A. **IN THE UNITED STATES:** Please complete the online warranty claim form located online at: www.wileyx.com/support/returnauthform.aspx. After proper completion of the online warranty claim form, Wiley X will provide you a Return Authorization (RA) number. Print the completed online warranty claim form (including the RA number) and send the warranty claim form along with the covered item and proof of purchase to: Wiley X, Inc., Attn: Returns Department, 7800 Patterson Pass Road, Livermore, CA 94550. Please use a traceable shipping method (Wiley X is not responsible for lost, stolen or damaged shipments) and allow 7–10 business days from our receipt of the package to process your warranty claim. Payment: A credit card payment of \$9.00 (plus sales tax) to cover return shipping and handling is required. B. **OUTSIDE THE CONTINENTAL U.S.:** Please contact the Wiley X, Inc. Authorized Dealer nearest you for instructions. If you cannot locate a Wiley X, Inc. Authorized Dealer, please email warrantyclaim@wileyx.com for instructions.

For covered items and for full text of this warranty, please see: www.wileyx.com/support/warranty.aspx

RETURNS AND EXCHANGES

Returns and exchanges will not be accepted without receiving prior authorization. For every one item returned, at least one item must be purchased. Returns must be in resalable condition, as determined by Wiley X for product not discontinued longer than six months. All returns must be shipped prepaid from point of origin, unless prior arrangements have been made. No COD returns accepted. New orders resulting from exchanges will be shipped upon receipt of returned merchandise unless other arrangements have been made with Wiley X. Customers are responsible for all shipping charges, both inbound and outbound.

Returns should be sent attention: RETURNS DEPARTMENT.
