

ARCAL™ Chrome

The brilliant choice

The brilliant gas solution for stainless steels

- All-purpose MIG (GMAW) welding of austenitic and ferritic stainless steels
- Clean, sound and consistent welds

ARCAL™ Chrome

The high-performance welding gas solution for all stainless steel MIG applications

MIG welding of stainless steel

All position welding

Exhaust system in ferritic stainless steel

Reliability

Product quality

- Ar-2% CO₂ (carbon dioxide) | M12-ArC-2 with controlled oxidation level
- Exceeds AWS A-5.32/ISO 14175 requirements
- Low level moisture (H₂O) and nitrogen (N₂) impurities
- Consistent gas mixtures, from cylinder to cylinder, to liquid supply

Simplicity

One product for all stainless steels

- All-purpose and all-position welding of stainless steels
- MIG brazing with CuSi and CuAl
- Manual, automated and robotic welding

Large range of applications

- Vessels, food containers, exhaust systems, etc.

Performance

Weld quality

- Clean and consistent weld
- Corrosion resistance maintained with a carefully selected CO₂ content

Savings and productivity

- Post-welding operations and filler material consumption reduced by low spatter emissions
