Order with MORE convenience with Airgas.com!

Once you have set up your shopping list on Airgas.com you can quickly add it to your cart to speed up the ordering process.

Can I find recent lists anywhere else? Yes, scroll down your dashboard and a section called 'Recent Lists' is shown. From this you can add the entire list to the cart

Can I sort the products in a list? Yes, the column titles 'Product(s)' and 'Price' can be sorted ascending or descending. Just click on the arrow to the right of the column name to sort.

***Can I have other products in my cart when I add from a list?*** You can have products in your cart before you add from a list. If the same products are already in your cart, the quantity will increase.

Can I continue shopping after I have added from the list to the cart? Yes, you can continue shopping as normal and add other products to the cart.

I've added the wrong list/ products to the cart. Can I remove them? Yes. Just go to the cart page and click on the 'Remove' link against the products you wish to remove. Or you can click 'Clear Cart' to remove all products from your cart.

How to manage your shopping list(s):

- Login to Airgas.com
- On the toolbar select 'My Lists'
- Your most recent five lists are shown along with a link to view all lists
- Select the list you wish to add to cart from
- Products can be added to your cart in a number of different ways
- To add single products, click on the 'Add to Cart' button to the right of each product
- To add multiple products at the same time first check all the checkboxes shown to the left of the product image then click the 'Add Selected to Cart' button
- To add all products in the list to the cart, click the 'Select All' link which will check all the products, then click the 'Add Selected to Cart' button
